

Our Supporter Promise

We are *Love Musgrove*. We need your help to raise money to fund things that the NHS does not cover, so we can continue to improve the experience of patients admitted to the Hospital, creating a comfortable, engaging environment, supporting their family and friends.

Your help will also enable *Love Musgrove* to provide staff with training and development opportunities, provide state of the art equipment, and enable wards to buy items which will make our patients stay comfortable and help ensure a more pleasant environment for all.

You are so important to us. You're the reason we're able make a huge difference for our patients, family and friends.

So we want to keep in touch with you, to let you know what we have funded and to share the stories of the patients and wards you've supported. We also want you to know when we need your help and what you can do - but it's really important to us that you choose how we contact you, that you're in control, and that you know your information is safe with us.

Our Promise to you:

Without you, we would simply not exist. That is why your trust is vital to us and why we make these promises to you:
